The World's Best Multis and Longevity Enzymes

FEBRUARY 2012

Dealer Steps Up Wellness Program

Dealer Laurie Serba

When Dealer Laurie Serba of Grand Rapids, Mich. started her ALTRUM Nutritional Supplements program she already exercised, ate well and took vitamins. "I thought a vitamin's a vitamin," she said in an earlier interview. Serba was 50 years old when she began using ALTRUM supplements. "I testified then how tremendous I felt and how much healthier I felt on the ALTRUM program," Serba said in December. "I believe I am still in

the best physical and mental state ever. I owe it primarily to the ALTRUM supplements, as well as a good diet with a regimented exercise program."

Health Plan Evolves With Changing Needs

Serba understands the benefits of exercise. "With our aging bones, women have to incorporate weight training as well as core strengthening," she said.

"With a healthy diet, exercise and ALTRUM supplements I have a pretty great package."

Healthy Diet May Not Be Enough

"We know that no matter how wholesome and healthy we think we are eating, we will never be able to consume and maintain the recommended amount of nutrients we need on a daily basis without taking ALTRUM Multis," Serba said. "I take the recommended dose of six — three in the morning and three in the evening."

Serba takes *Ultra Calcium* for stronger bones. "Another priority is *Omega-3* for skin and nails and, of course, the protection of the heart, arteries and normalizing cholesterol." Coming from a family with a history of heart disease, I wanted to cover all my bases the best way possible so I take *Coenzyme Q10* for the heart as well."*

Superfoods for Mineral Uptake

"The superfood supplements I take are *Superfood Alfalfa* and *Superfood Phytonutrient Support* which, of course, adds to my mineral intake."

Research increasingly finds positive results for people who make sure they consume the proper amounts of specific minerals, which the body cannot manufacture.

The phytonutrients supplement helps Serba meet the daily recommended amounts of vegetables for good health, she said.

— A Superior Digestive Formula —

Too Few Enzymes

Enzymes are the keys to cell life. In fact, metabolic enzymes are so important to the human body that malfunction of even one enzyme can lead to poor health.

In addition to metabolic enzymes, the body requires specific digestive enzymes for normal digestion. A deficiency of digestive enzymes diverts metabolic enzymes to the work of digestion and robs the body of the benefits of those enzymes. This process depletes energy stores and prematurely ages the body.

Most adults lack digestive enzymes because cooking and processing food destroys the natural enzymes present.

Moreover, the body produces fewer digestive enzymes as it ages. This lack of enzymes leads to poor digestion. As the digestive process deteriorates, energy decreases while fatigue and lethargy increases. *

Poor Digestion Leads to Poor Energy

Food provides the basic nutrients required for energy, growth and healing. However, even a perfectly balanced, healthy diet won't do any good unless the body has the digestive enzymes to break down what you eat into absorbable nutrients.

As digestive enzyme levels decrease, digestive problems can lead to nutrient deficiencies and a host of other problems. *

How To Use *Ultra Daily Enzymes*

ALTRUM *Ultra Daily Enzymes* contain proven, powerful, digestive enzymes. Regular use may help eliminate digestive problems and supply your body with better absorption of nutrients from the food you eat. *

Take one capsule per meal, or break open a capsule and sprinkle on food or mix in water for even faster digestive action to help you feel better faster. Take an extra capsule to help digest heavier meals. *

Ultra Daily Enzymes May Help—

- *Relieve indigestion*
- *Increase stamina and energy*
- *Strengthen the immune system*
- *Dissolve fats*
- *Eliminate gas and toxins*
- *Slow aging **

*These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent disease.

**Please check with your physician when using prescription medications in combination with food supplements.

Results are individual and will vary from person to person.

Enzymes Are the Spark of Life

Raw foods contain the enzymes that aid the digestion of everything eaten. However, cooking destroys those enzymes, forcing the enzymes secreted in the body to do all the work. For proper digestion of nutrients to occur, these primary enzymes are required:

LIPASE: Breaks down fat in butter, cheese and meat

LACTASE: Breaks down lactose in milk sugars

PROTEASE: Breaks down protein in meats, nuts and cheese

AMYLASE: Breaks down carbohydrates, starches and sugars that are prevalent in potatoes, fruits, vegetables and snack foods

CELLULASE: Breaks down fiber, helping to absorb nutrients from fruits and vegetables.

ALPHA-GALACTOSIDASE: Breaks down legumes (beans) and cruciferous vegetables.

Ultra Daily Enzymes supplies these five primary enzymes and several additional enzymes that assist the digestive process.

Ultra Daily Enzymes (DEU) is a superior digestive aid including more enzymes per capsule than other enzyme supplements, allowing you to use fewer capsules per meal, saving you money while you grow healthier. Ultra Daily Enzymes is an advanced reformulation of our original enzyme formula, Daily Enzyme Support.

Ultra Daily Enzymes contains higher potencies of the original premium digestive enzymes, along with seven new health enhancing enzymes.

Ultra Daily Enzymes (DEU)

Stock#	Unit of Meas.	Pkg/Size	Wt. Lbs. EA	Retail price	Pref. Cust/ Dealer price
DEU01	EA	(1) 90 capsules	0.2	35.25	24.85
DEU01	CA	(6) 90 capsules	1.1	210.90	142.30

"My favorite ALTRUM supplement is the *Ultra Daily Enzymes*. Within days of first taking them I could tell the enzymes were improving my digestion. I had less gas production and no heartburn. I was immediately happy with the product. I have just never had an enzyme product that worked so well."*

- Preferred Customer Jake Dale (center)

Enzyme Facts

- Tests have shown that a 70-year-old has approximately 10 percent of the cellular enzymes found in infants. Aging is directly linked to enzyme depletion.
- Studies have shown that lab rats live 30 percent longer with supplemental enzymes.
- Enzymes are the primary missing nutritional component in processed and cooked foods. Cooking over 118 degrees destroys these vital enzymes.
- Enzymes turn food into energy.

Ultra Daily Enzymes, taken with one of the Ultra Multis, provides unparalleled nutritional support, supplying nutrients from both food and supplementation.

Complete Digestive Enzyme Formula

Your key to unlocking the nutrients in food!

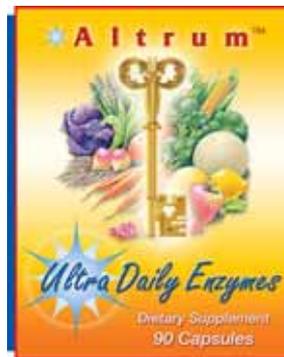

The Ultra Daily Enzymes (DEU) contain a potent blend of 13 broad spectrum, highly active, concentrated, plant-derived enzymes to assist in the digestion of all food groups. This formula also contains a special probiotic blend of "friendly" flora necessary for a healthy digestive system.

Suggested Use: 1 or more capsules three times daily with meals, or as otherwise desired. This product is best when used as a part of a total nutritional program including the ALTRUM Ultra Multis.

Supplements to Sustain Good Health

Continued from page 1

As she learns more about vitamins and minerals, Serba adds to her daily regimen. She learned vitamin C may play a role in tissue repair and now takes *Vitamin C-600 with Rosehips*. "I am hoping all women will include this with their other supplements as an added safeguard for aging bones," Serba said. She takes *ALTRUM Orange Juice Chewable Vitamin C* whenever she feels "under the weather."

Adding Supplements for Digestive Health

Serba recently added *Ultra Daily Enzymes* and *Ultra Probiotics* to her daily supplements. "I typically do not have any digestion or heartburn situations. I am taking steps to sustain the healthy system I already possess," she said. The help with absorption of nutrients from the enzymes and the healthy benefits of probiotics gives her reassurance and peace of mind, Serba said.

Serba attributes her move to developing a Dealership to the support of her sponsor, Curtis Bird, also of Grand Rapids. "If it wasn't for his dedication, professionalism and honesty about the products, I truly believe I would not have taken this route at this point in my life. Knowing the performance it gives me is just awesome.

"Becoming an AMSOIL Dealer has been a very positive move because I know now the financial capabilities that I can attain with hard work, dedication and the motivation to be independent, self-supporting and self-sufficient."*
